Brooksville Cruise-in rescheduled for this Saturday

The monthly cruise-in held by the City of Brooksville and Ottie Woods in Brooksville on the first Saturday of the month was rescheduled for this Sat., Sept. 8th. The cruise-in will be held from 6 to 10 p.m. in Brooksville around the courthouse. The evening will consist of food, family fun, give-a-ways, split the pot, with activities for all ages.

Money raised at this month's event will benefit the Sgt. Jeremy Summers Scholarship Fund. Everyone is invited to come out and enjoy the cruise-in.

Rachel Brumley, Joshua High, Anita Moran, Ryan Stewart, Jeff Reilly, and Thomas Reynolds.

Kevin Teegarden was found guilty in a jury trial held last Wednesday and is awaiting sentencing on September 20th.

Of the original 18 defendants arrested during the drug sweep, Jami Quinlin has yet to plead and Chris Clouse is lodged in the Mason County Detention Center awaiting rescheduling of a jury trial.

Included in the original indictments but picked up after the May 18th sweep were Chris Hughes, Todd J. Brown, and John Shoupe.

Hughes was indicted on one count of trafficking in a controlled substance, heroin, 1st degree; one count of trafficking in a controlled substance, suboxone tablet, 2nd degree; and two counts of being a persistent felony offender 2nd degree. He is awaiting a pretrial in September.

Brown was indicted on six counts of trafficking in a controlled substance, heroin, 1st degree, and one count of trafficking in a controlled substance, cocaine, 1st degree. He is out on bond awaiting a pretrial date of October 18th.

Shoupe was indicted on one count of trafficking in controlled substance, 2nd degree. He will appear for a suppression hearing on September 20th.

The drug sweep was a cumulative effort by the Bracken County Sheriff's Department with officer support from Kentucky State Police, Pendleton County Sheriff Office, Mason County Sheriff Office, Buffalo Trace Drug Strike Force, Campbell County Detention Center, and Augusta and Brooksville Police Departments as officers fanned out across the county to arrest those indicted on drug charges. Those arrested were lodged in the Mason County Detention Center where many remained until their initial court appearances. Those having plead and already sentenced are back in MCDC serving out their sentences.

The drug sweep completed a 16 month investigation into drug activity in the county. Other sealed indictments are still waiting to be served once the individuals are located.

As Sheriff Niemeier and his officers have told citizens at their Town Hall meetings, drug investigations take a long time to conduct and are very hard and expensive to complete.

The Sheriff's Office will continue to fight drug activity but with the support of the community and their involvement, more can be done to address this big problem. If you have any questions or need additional information contact Sheriff Howard W. Niemeier, 606-735-3233.

Kentucky's Com. of Education visits Bracken County School District

Pictured left to right are Daniel Fisher - Instructional Supervisor, Mike Hunter - BCHS Principal, Leah Jefferson - BCMS Principal, Jennifer Maines - Taylor Elementary Principal, Terry Holliday, Ph.D. - Commissioner of Education, Jeff Aulick - Superintendent of Bracken Co. Schools, School Board Members - Lisa Woods, Julie Riggs, Greg Jones, and Angie Crawford.

When Terry Holliday became Kentucky's 5th Commissioner of Education in July of 2009 he expressed interest in visiting each of Kentucky's school districts. On Wednesday, August 29th, he travelled to Pendleton County, Augusta Independent, and the Bracken County School System.

After speaking briefly at each school and answering questions, he toured each of the school buildings. As he walked through Bracken County High School, he was met with

answers about the initiatives the teachers and staff had in place that both pleased and impressed him. That in turn pleased Superintendent of Bracken County Schools Jeff Aulick. While he is quick to give the credit for high test scores and the initiatives and programs in place to former Superintendent Tony Johnson, he is happy to be a part of the school system that receives so much support not only from staff and parents, but also from the school board and other community members. This support did not go unnoticed by Com-

missioner Holliday as he was greeted by four of Bracken's six board members.

Another show of community support that impressed both Commissioner Holliday and Superintendent Aulick was the willingness of Brooksville Christian Church to bring the Homework Plus program to Bracken County Middle Schoolers that is set begin on Tuesday, September 11th. While touring the schools, Commissioner Holliday took a genuine interest in what the staff and students of each school had to say about how school was going

and their concern over federal funding cuts to education and specifically in the area of technology.

In speaking with Superintendent Aulick, he was happy with how the visit went. He looks forward to being a part of the good working relationship between the school district and the community. With community involvement, the students as individuals and the district as a whole will continue to improve and be a positive influence in Bracken County.

Two counts dismissed in Cummins lawsuit

On Tuesday, August 21st, Judge William B. Mains dismissed counts 2 and 4 of the lawsuit Greg Cummins filed against the City of Augusta and Mayor John Laycock for his termination of employment on December 7, 2011.

Judge Mains dismissed count 2 dealing with breach of employment and count 4 dealing with Negligent Supervision. Mains took count 1 dealing with the KY Whistleblower Act under advisement until the KY Supreme Court ruled on an appeal before them. The decision ruling that cities were not employers under the Whistleblower Act has been upheld in that appeal.

It is anticipated the attorneys for the City of Augusta and Mayor Laycock will ask the final count dealing with the Whistleblower Act in Cummins' case be dismissed.

The Lynching In Bracken County

The following is from the Enquirer's special from Brooksville, Kentucky, and is the best account we have yet seen of the causes that led to the lynching of the Courts Brothers by a mob of masked men at that place Wednesday night.

The immediate cause that culminated in the mob violence last night occurred about three weeks ago, when the Courts boys had ruined (killed) two cows belonging to the widow Smith, a neighbor of theirs. Mrs. Smith has two sons, named James and John. James has a wife and two children. The Smith boys are fearless, but are regarded as quiet,

orderly and well behaved citizens, though James was high tempered.

Last Saturday, the Courts and Smith boys met each other at a log rolling on the farm of Samuel T. Cooper, where Bradford Courts introduced the subject of the cow shooting. Hot words followed, and in a matter of minutes, James Smith and William Courts were engaged in a fight.

The crowd present allowed the fight to proceed until Courts threw Smith and Smith's head struck the roots of a stump that stood near. The crowd then interfered and pulled Courts off. By this time, Smith had been revived and he, gathering up a hand spike, moved toward Courts as if to strike him. At this point, Bradford Courts drew his pistol and shot James Smith, who reeled and fell exclaiming, "I am shot, but I die a brave man." With these words he died.

WHAT IS A CHURCH?
by Pastor Cornelius R. Stam

It is strange but true that most people — even the great majority of religious people — do not know what a church is. Ask the average man what a church is, and he's apt to reply: "Well, anybody knows that! A church is a building where people go to worship God." But this is not correct. The word translated church, in our Bibles, simply means assembly. A church is not a building, but the assembly that meets in the building. Technically, a church is not even a religious gathering, for the same word is used in Acts 19:32 of a riotous mob which had assembled at Ephesus, and this verse says that this assembly was confused and that "the greater part knew not wherefore they were come together." Perhaps this could apply to many a church today, but the point is that a church is not a building but an assembly of people.

The church of which the Bible has most to say is "the Church of God, which He hath purchased with His own blood" (Acts 20:28), and St. Paul calls the church of this present dispensation, "the Body of Christ," or "the Church which is His Body" (I Cor. 12:27; Eph. 1:22,23).

Men cannot join this Church by water baptism or any other religious rite, but only by faith in the Lord Jesus Christ. With regard to believers in Christ St. Paul declares: "By one Spirit are we all baptized into one Body" (I Cor. 12:13). And in Rom. 12:5 the Apostle says that "ye, being many, are one body in Christ."

Many sincere people have had their names on local church rolls for many years before learning this great truth — that the true Church of God is not a building, but the assembly of those who trust in Christ as their Savior. Doubtless, people in and out of many of the religious organizations we call churches belong to this one great Bible Church, while others, with all their religious profession, do not. The question is: Have we sincerely trusted in Christ as the Savior who died for our sins?

REWARD OFFERED

Jerry, Edward and Robert Sebastion would like to offer a reward of

\$1,500.00

This reward can be claimed by anyone with information leading to the arrest and conviction to persons involved in the forced entry, burglary and the trampling of family memories at their mother's house, located at 359 Garrett Avenue, in Brooksville, KY.

We would also like to thank with great gratitude, the quick response and caring of the Bracken County Sheriff's Department and KSP Trooper Ritter. As a recent widow, the past year has been very hard on our mother, Mrs. Lorraine Sebastion. And the way in which the law enforcement handled themselves, with regard to the memories that were taken and destroyed during this burglary, gives us great comfort that there are still good people in this world. To the persons involved, you did not get much of value to you, but you destroyed many family memories, and they are the most valuable things we own.

To give information regarding this burglary and to claim this reward, please contact the Bracken County Sheriff's Department @ 606-735-3233, or Kentucky State Police @ 859-428-1212 and Trooper Ritter.

PRESBYTERIAN POTPOURRI

by Les Grooms, pastor Augusta Presbyterian

We had a number in the hospital this past Sunday. Larry England was in Christ Hospital. Jeff White was in Meadowview. Genna Lou Murray was in Meadowview. Bob Kennard was in Ohio Valley Manor for therapy.

We started the Sunday worship with Bible Study. We are studying the Book of Acts.

This past Sunday we sent three prayer shawls to the ill. The shawls are hand made by Ruby Claypool and are passed out to our congregation and everyone in the congregation touches the shawls and offers a prayer for the healing of the ones who are recipient of the shawls.

This Sunday was communion Sunday. Jean Appelman prepared the table of the Lord, Sarah Bush baked the unleavened bread, Ruby Claypool and Barbara Nickoson served the elements, and Susie Hargett sang during the distribution of the bread and fruit of the vine.

Kay Grooms was the worship leader, Susie Hargett led the singing, and there was no children's church because this was communion Sunday.

My sermon this week was based on establishing priorities.

We invite all to come and worship with our family of believers. Sunday services begin with Sunday School at 10:00 a.m., morning worship at 11:00 a.m. and Sunday night services are held at 7:00 p.m. message by Brother Dan Black.

This past week Brother Dan's message was taken from Jeremiah 7:1-12. Attending church, sharing communion or singing in the choir are empty activities unless we are truly doing them for God. We can hide our lives from the world, but we cannot hide the truth from God. Are you living every day of your life for Jesus?

Fairview Christian to Visit Galilean Children's Home

Fairview Christian Church will be going on a mission trip to Liberty Kentucky on Saturday, September 29th. The van will leave at 8 a.m. and will return in the evening as this will be an all day trip. Bring money for lunch. We will be visiting the "Angel House" and the "Bread of Life Café" and "The Blessing House".

The Galilean Children's Home, located in Liberty, Kentucky, is a home for children from many different backgrounds. The Home, founded by Jerry and Sandy Tucker, began in a small log cabin, expanded as the need arose and became a non-profit organization in 1984. The ministry now consists of several different departments all of which depend solely on donations.

"The Blessings House" consists of 19 handicapped children and adults. These children and adults, whose handicaps range from bedridden to needing only a small amount of verbal prompting.

"The Angel House" is a prison ministry, which is able to provide housing for up to 40 babies/toddlers. It offers mothers, who are in prison, another option. The ministry providing the 24/7 care and love they need, does not place them up for adoption but meets the needs of the children during their time there. This ministry also provides a weekly prison visit and in doing so is given the opportunity to minister to the mothers as they bond with their children.

"The Bread of Life Café" is a 150 seat restaurant and has an addition meeting room that seats 100. This restaurant provides an opportunity for the handicapped children to feel needed and also make some extra spending money, an opportunity that they would otherwise not have had.

Just a few of the suggested items that are needed are pampers, bottle liners, disposable latex gloves, light bulbs, paper towels, garbage bags, infant clothes, liquid hand soap, paper plates, napkins, baby wipes, fabrics for the residents to make hand-made braided rugs. The complete needs list is available on line at <http://www.galileanhome.org>.

Fairview Christian Church has supported this mission for many years and will be taking donations of the much needed supplies. If you are interested in going with us on this mission trip or donating supplies, please give us a call at 606-747-5305. Donations may be dropped off at the church. Just call before you stop by to assure that someone is available to take your donations. All donations need to be dropped off by September 15th.

Bracken County called to Walk To End Alzheimer's

Generous individuals are being asked to “move” in support of the fight against Alzheimer’s disease at the 2012 Bracken County Walk to End Alzheimer’s™.

The Bracken County Walk to End Alzheimer’s will be held at Appelman Park on Sunday, Oct. 14. Registration begins at 2 p.m.; the Walk begins at 3 p.m.

Since the first event in 2003, the Bracken County Walks have raised nearly \$155,000 to directly support the local programs and services provided by the Alzheimer’s Association of Greater Cincinnati in Bracken County and the surrounding area.

Almost 100 people participated in last year’s Bracken County Memory Walk, which generated nearly \$13,000 in donations.

“Alzheimer’s disease touches many families in Bracken County. The Walk is a way for the community to come together in support of these families and the services and programs we provide,” said Krista Powers, Development director with the Alzheimer’s Association of Greater Cincinnati. “We have been overwhelmed by the generosity of so many in Bracken County and we are hopeful they will join us again this year.”

Serving as the primary national fundraiser for the Alzheimer’s Association, Walk to End Alzheimer’s™ is an annual event that brings those affected by Alzheimer’s disease, family members and community together in a show of love, remembrance and support. Last year, 4,500 people participated in the Chapter’s five local Walks, raising a record \$505,000 to support the Greater Cincinnati Chapter’s local programs and services and national Alzheimer research.

Sponsors for this year’s event include VFW Post #2734 Ladies Auxiliary, The Margee Bach Family, pic-

tured above, VFW Post #2734, The Bill Boling Family, Stan Boster/Boster Trust & Heritage Development Corp., Rudd & Schumacher, Carolyn and Bob Wehling, Citizens Deposit Bank of Brooksville and Metcalfe-Hennessey Funeral Home.

The Alzheimer’s Association of Greater Cincinnati currently serves 27 counties in Southwest Ohio, Southeastern Indiana and Northern Kentucky where an estimated 55,000 people have Alzheimer’s disease. Today, approximately 5.4 million Americans are affected by Alzheimer’s disease – the sixth leading cause of death in the United States.

For more information on Memory Walk, call Krista Powers, at (513) 721-4284, or email: kpow-ers@alz.org

Participants can also register on-line at the Chapter web site at www.alz.org/cincinnati.

Card of Thanks

We would like to take this opportunity to express our gratitude to those who expressed their sympathy in the loss of our mother and grandmother, Dorothy Galloway.

First of all, we would like to thank her caregivers - Ella Cummins, Mary Hamilton, Brandi Ruark, Connie Stears, and Shayla Hesler. You took great care of her and she loved you all.

To Hospice of Hope for being there when you were needed - Jan Ingram, Courtney Hesler and Colleen Bryant - you are amazing.

Thanks to Regina and Rob at Moore & Parker for their professional care and service.

We thank everyone at Cemetery Chapel Christian Church for their love and concern for mom. She loved her church family! Thanks to Amy Pribble and Phyllis Kelsch for the music. To Pat Feagan and friends for the special music during visitation. We thank you for sharing your time and talent. A special thanks to Troy Staggs for the message and to the ladies of the church for the wonderful meal.

We appreciate all the prayers, cards, calls, visits, and food that we received during this difficult time. Your kindness will always be remembered.

Nine Months Make All the Difference...

Here's something most people don't know:

If a woman avoids alcohol for the entire nine months of pregnancy, she has prevented the leading known cause of mental retardation in the US: Fetal Alcohol Spectrum Disorders.

Alcohol affects a developing baby’s brain, changing the way it will work forever. Babies outgrow a lot of things, but they don’t outgrow this.

YOU can prevent this from happening by making sure that everyone you know hears this message: **if you're pregnant, don't drink; if you drink, don't get pregnant!**

Comprehend’s New Adult Crisis Stabilization Unit Proves A Success

Since the opening of Comprehend’s Adult Crisis Stabilization Unit (ACSU) in February of 2012, the Unit has had 49 admissions. The average stay for individuals is about four days. These are all individuals who would have previously been sent out of region for care to areas such as Morehead, Lexington, or Cincinnati. By Comprehend providing this service, individuals have been able to receive services locally, thereby allowing them to stay within and connected to their communities. This has allowed their family to be involved in their care and treatment as it is easier logistically and financially for family members to come to a facility that is nearby rather than miles away from home. Providing care within the home community also allows for individuals to be linked with needed follow up services and resources in their home community rather than trying to do this from afar.

“It is a pleasure to see the success of the ACSU. This new Unit is allowing us to provide a much needed service to our clients and the region,” said Dr. Jeff Drury, Director of Crisis Services.

One of the successes Dr. Drury is referring to is an elderly male, whom we will refer to as Mr. Smith that was admitted to the ACSU with symptoms of suicidal ideation and a plan. After assessing this gentleman he appeared to have lost his purpose and could not think of a reason to go on living. His feelings of uselessness and having no purpose are what led him to the suicidal ideation and thoughts of jumping off the Ohio Bridge. When asked did he think he would carry out his plan, his response was “I hope not, but I don’t know. I should have been dead a long time ago.”

Individual sessions focused on his accomplishments during his life, his children and even some mischievous secrets from his younger years that he had never admitted

to anyone until this day, but laughed about them now. Our goal while in the ACSU was to have him participate in activities. Our long term goal was for him engage in activities that would help him feel more useful. Some of our plans were to become involved with the local senior citizens Center.

Mr. Smith also had a medication consult with our ARNP, Stacy Poe. She started him on medication and each day we could see a little more improvement. We could tell by his conversations with us, that he was more talkative and would talk more about happy times.

We spoke with Mr. Smith’s family about some of the goals we had discussed during our sessions and they were very helpful and eager to follow through with them. We arranged a meeting between Mr. Smith’s daughter and the local senior citizen center to enroll him and arrange for transportation. We also did some research and came up with a list of assisted living facilities in Maysville and surrounding areas and gave them to his son. We additionally recommended a neurological assessment for Mr. Smith.

On the day of the discharge Mr. Smith was excited to go home and was smiling. He walked to the door turned around and said, “Thank you all very much.”

A few weeks later Mr. Smith’s son called with a question about the medication. He wanted to make sure his father continued on the same medication because he had not had a depressive episode since he left the ASCU.

“Comprehend has had a strong commitment to Maysville and the Buffalo Trace Region since we began providing services 45 years ago and our ACSU facility is just another indication of how we are committed to providing quality behavioral healthcare services to the communities we serve,” said Dr. Pamela Vaught, CEO of Comprehend.

ACS Hope Lodge provides home away from home

If you are a cancer patient fighting for your life, the last thing you should have to worry about is where you're going to stay when receiving treatment and how you're going to pay for it. Fortunately for patients traveling to Lexington for cancer treatment, the American Cancer Society's Hope Lodge program is available to lessen the financial burden on families, as well as to provide a supportive environment for cancer patients and their caregivers.

The American Cancer Society Hope Lodge in Lexington opened in 2007. It has already hosted more than 466 patients and their caregivers, completely free of charge. According to Hope Lodge director for the American Cancer Society's Mid-South Division, Jocelyn Phillips, the concentration of cancer treatment centers in Lexington results in many patients coming into the city who have special lodging needs.

"Many patients require daily treatment for multiple weeks, and staying in a hotel for that long would be expensive," says Phillips. "The American Cancer Society Hope Lodge is an excellent choice for these patients, not just because they can stay with a caregiver at no cost, but also because they will be with others going through the very same thing. That support can be invaluable."

The average length of stay at the Hope Lodge in Lexington is eight days. Each of the 32 guest rooms at the Lodge has a private bath and sleeping accommodations for two. There are also community dining, kitchen and recreational areas. For more information, call the American Cancer Society at 1-800-227-2345 or visit cancer.org.

City of Louisville to host 55th Annual National Quartet Convention

During the week of September 9 through September 15 over 40,000 Southern Gospel Music fans, representing at least 40 states and more than a half dozen foreign countries will converge on the city of Louisville, KY, for the 55th Annual National Quartet Convention. The event, which originally organized more than five decades ago in the city of Memphis, TN, was founded by Gospel Music legend and former Elvis Presley backup singer, JD Sumner and co-produced by yet another Gospel Music legend, James Blackwood. The first Convention featured the brightest and most popular quartets in Gospel Music. Over the years the event has since grown to encompass a variety of Southern Gospel recording artists, including quartets, trios and even soloist, yet it still continues to feature the industry's brightest names and faces.

This year, many of the most popular names in Southern Gospel Music will be featured throughout the seven-day event, including artists like The Gaither Vocal Band (pictured in attached jpg), The Hoppers, The Kingdom Heirs, Gold City, Greater Vision, The Booth Brothers, Legacy Five, Triumphant Quartet, The Isaacs and many others. In addition to the many pop-

ular quartets, trios, duets and soloists featured throughout the week, some of the most prominent keynote speakers in the country will be featured.

The National Quartet Convention offers fans of Southern Gospel Music something no other event can...the convenience of "one stop shopping." The NQC is the only event of the year where fans can see and hear their favorite groups at a single event, then meet group members and purchase music, videos, clothing apparel and much more at any one of the 500 exhibit booths which span throughout 175,000 square feet. Southern Gospel Music lovers can enjoy their favorite music all day long, as music spectaculars begin each morning and continue until nearly midnight each evening.

Nightly concerts will be held at the Kentucky Fair & Expo Center's Freedom Hall, with afternoon concerts and worship services also scheduled throughout the grounds of the Fair and Expo Center. Complete information about the 2011 National Quartet Convention, as well as a complete schedule of events scheduled throughout the week may be obtained by calling 1-800-846-8499 or log on to www.nqconline.com.

End of season tobacco disease management

Source: Kenny Seebold,
UK plant pathologist

Submitted by: David Appelman,
CEA for AG & Natural Resources

With the 2012 tobacco growing season coming to an end, growers are working hard to get their crops into the barns. On one hand, the dry conditions of this past summer have kept leaf diseases like frogeye and target spot in check and we have not seen any blue mold. On the other hand, we saw more black shank and Fusarium wilt than we have for the past three or four years.

Looking forward to the next growing season, it's hard to say what will be the big disease issue. So much depends on the climate when we are dealing with diseases like blue mold, target spot and frogeye. We do know however; that some problems will show up again and again once certain pathogens get established in float beds or the field.

We need to begin thinking about diseases like Pythium root rot, target spot, black shank and Fusarium wilt and how to get a head start on managing them next season.

A critical step you can take is to evaluate your sanitary practices on the farm. Many diseases we'll see in the float bed system and field survive between crops on equipment and plant residues. You should thoroughly clean and sanitize greenhouses, trays and outdoor float beds in the fall to reduce overwintering pathogen populations. Make sure to bury or burn plant debris and trash.

In the field, especially

where black shank may have been a problem, it's important to turn all crop debris as quickly as possible after harvest. The black shank pathogen survives very well on crop residues and stalks left in the field can lead to future disease outbreaks. By plowing those crop residues under in the fall, you will allow the soil microbes more time to break down plant matter and reduce survival of the pathogen.

One of the best practices for preventing or suppressing diseases is rotation to a non-host crop. Even though we are many months away from planting, you can start the planning process and make decisions about field choice and potential rotation crops. Fall is a great time to think about variety selection and begin planning for transplant production. Varieties such as KT 210, KT 206 and KT 209 continue to perform well against black shank, and KT 210 offers a good combination of black shank and Fusarium wilt resistance. We should also see a wider availability of KT 212, an early-maturing variety that is similar to 14 X L8, but with moderate resistance to race 1 black shank.

For more information on disease management practices in tobacco or variety selection, contact the Bracken County Cooperative Extension Service office.

Educational programs of the University of Kentucky Cooperative Extension Service serve all people regardless of race, color, age, sex, religion, disability or national origin.

Howdy Folks! In years gone past, some students would just be returning to school because the family tobacco crop was housed. Labor Day always signaled the end of summer for us as youngsters because the day after was the first full day of the new school year! We seem amazed at how different things are for students today, but considering it has been sixty years since the beginning of our school careers, we shouldn't be surprised at all! It makes us wonder what changes are in store that will cause today's students to scratch their heads sixty years from now and be amazed at 'how much school has changed since I was a kid'!! We definitely hope that by that time everyone is recycling everything that can be recycled and that folks have figured out how to take care of this earth for their grandchildren!

You knew when you read the word 'recycling' in the first paragraph that you'd be reading about recycling, didn't you? You're right! It's part of our job, but it is also part of who we are. Recycling and reusing have been taught to us since we were kids by every grown up that we knew. Growing up in Bracken County, nearly everyone we knew had a garden. If you didn't, those who did have a garden always put out enough vegetables to share with the neighbors, so home canning was how you fed your family until the next year. All those canning jars were well cared for because they contained the food to sustain the family, and that meant money could be spent on other necessities when the shelves were filled with jars of green beans, corn, peas, blackberries, peaches, applesauce, etc. Those jars were opened ever so carefully because if you chipped the rim of the jar, it would no longer be of any use for canning. Oh you could store things in it after that, but a jar with a chip meant that once the canning process was done, the jar would not seal and

the contents would spoil. On occasion an unsealed jar would slip past the inspection and woe to the person whose job it was to empty that jar and give it a good cleaning!!

Canning jars are recyclable along with any other type of glass food jar, such as baby food jars, pickle jars, etc. Of course, years ago, (we are talking PP, Pre-Plastic), all food jars were made from glass and many quarts of tomato juice were canned in Miracle Whip jars, while the jams and jellies were processed in the smaller pint sized containers. Because of the economy most Mothers have to work today and canning food from the garden is becoming a thing of the past, but the plastic, metal and glass food containers of today can all be recycled. Even though the food is not home processed, the practice of making the most of the food containers can be carried on by simply RECYCLING all those food containers! With just a quick rinse the container can be put into the recycling bin along with paper, cardboard and aluminum!

Perhaps this trip down memory lane has reminded you of how delicious all those wonderful home-canned vegetables tasted on a cold winter's night! Those memories can be enjoyed any time but the recycling of today's 'canning jars' made of metal, plastic and glass must start TODAY if our children and grandchildren are to enjoy an affordable quality of life. Start today to RECYCLE, REUSE and REDUCE to keep God's earth clean, green and beautiful! Be seen' you – Bin & Bug.

Kentucky Ham Breakfast & Auction raises thousands for charity

On August 23, \$300,000 was raised for local charities at the 48th Kentucky Country Ham Breakfast and Auction, sponsored by Kentucky Farm Bureau. The ham auction completed the morning festivities that included appearances by local and state officials and speeches by Kentucky Farm Bureau President Mark Haney, Governor Steve Beshear, U.S. Senators Mitch McConnell and Rand Paul, Louisville Mayor Greg Fischer and Kentucky Agriculture Commissioner James Comer.

The blue-ribbon winning ham was raised by Leslie Scott of Scott Farms in Greenville, Ky, and weighed in at 17 pounds, 16 ounces. Dr. Mark Lynn of Mark Lynn

& Associates paid \$300,000 for the country ham. Dr. Lynn announced that the donation would be given to the University of Louisville, Visually Impaired Preschool Services and Eastern Area Community Ministries. He also indicated that the grand champion ham would go to Wayside Christian Mission.

Since its inception in 1964, the Kentucky Farm Bureau has helped raise more than \$6.5 million dollars for charity. 2010's auction tipped the scales and record books with a record-setting \$1.6 million winning bid by Bernard Trager, Chairman of Republic Bank and Trust, and Dr. Mark Lynn & Associates, owner of Dr. Bizer's Vision World.

Changes to Form 1099-G and 1099-MISC for FSA Producers and Vendors

John W. McCauley, USDA Farm Service Agency (FSA) State Executive Director announced that calendar year 2012 brings several changes to the way FSA reports a producer's farm program payments to the producer and to IRS.

In past years, IRS Forms 1099-G would be issued to show all program payments received from the Farm Service Agency, regardless of the amount.

"Starting with calendar year 2012, producers whose total reportable payments from FSA are less than \$600 will not receive IRS Form 1099-G (Report of Payments to Producers)," said McCauley.

Additionally, producers who receive payments from more than one county will only receive one Form 1099-G if the total of all payments from all counties is \$600 or more, McCauley said.

"Producers who receive less than \$600 in combined payments should consult a tax advisor to determine if these payments must be reported on their tax return," he said.

If the payments were subject to voluntary withholdings or subject to backup (involuntary) withholdings a Form 1099-G will be issued regardless of the total amount of the payments, McCauley said.

The same changes will apply to producers and vendors who normally receive IRS Form 1099-MISC from FSA.

For more information regarding IRS reporting changes, please contact your local County FSA office.

The Polar Bears rope the Mustangs to go 3 and 0

By: Michele Houston

Last Friday night, August 31st, our Coaches, Michael Sizemore, John Hennessey, Doug Redden and Jeremy Sizemore, led our Polar Bears to their closest victory of the Season. The Bishop Brossart Mustangs played a very hard game but it just wasn't enough. Seems that our Coaches have as much heart and love for the game as our athletes do. The Bracken players put 387 more yards in the record books, all but 50 were on the ground. Dallas Honan had 152 yards and the first touchdown of the game. Connor Rigg had 101 yards rushing, Jacob Houston had 50 yards, and Eli Florer had 37 yards, two fumble recoveries, and racked up another touchdown. Scott Fite had an interception and Logan Holleran sacked the Mustang Quarterback for a loss of 10 yards.

The Mustang's Senior, Jacob Elbert, had 430 yards last week but our Polar Bears line shut him down at 199 yards this week. By half time the scoreboard still showed 0 to 0, but at the end of the

Eli Florer is shown above during the first of his two fumble recoveries in the Polar Bears-Mustang game.

game with only 6.7 seconds left on the clock the Mustangs crossed the goal line making the score 13 to 12, but the Polar Bears stopped them short for the extra point. All that was left was for the Polar Bears to run out the last few seconds. What a great game, a little too close for this fan

but what a great game. (Editor's Note: The Football Polar Bears next home game is Friday, September 14th at 7:30 p.m. against Fayetteville. They play at Dayton on Sept. 21st, and face off against South Floyd on Sept. 28th for Homecoming.)

BC Relay For Life Kickoff Event to be held September 14th at Bracken County Football Game

On September 14th at 7:00 pm, the American Cancer Society Relay For Life of Bracken County will officially get underway as event volunteers and participants gather at the Football Field for a kickoff to launch their fundraising efforts and to show appreciation to all Bracken County residents. This will be the first opportunity to register a new team and learn more information about the event to be held on September 13-14, 2013 from 7:00 p.m. - 7:00 a.m. at Augusta Boat Dock and Park. The first committee interest meeting will be held Wednesday October 3, 2012 at Bracken Co. Library in Brooksville at 6:00p.m.

ment, Relay For Life mobilizes communities throughout the country to celebrate people who have battled cancer, remember loved ones lost, and provide participants with an opportunity to fight back against the disease. Relay For Life brings together friends, families, businesses, hospitals, schools, faith-based groups . . . people from all walks of life – all aimed at furthering the American Cancer Society's vision of creating a world with less cancer and more birthdays. or 1-800-227-2345 24 hours a day/7 days a week/365 days a year.

Each year, Relay For Life takes place in 5,000 communities in the United States and 20 other countries to raise funds to support the Society's mission of saving lives by helping people stay well, by helping people get well, by finding cures and by fighting back.

36th Annual Simon Kenton Festival to be held September 15th & 16th

Nearly everything about this quality event of the 36th Simon Kenton Festival on Sept 15-16 creates the illusion of time travel to the late 1700's, early 1800's. Our two-day historical adventure will begin with the Kenton Kin, Simon Kenton, Daniel Boone and other heroes of the frontier marching into the center of Old Washington where they are formally welcomed at the Opening Ceremonies. After the American flag is raised, and the last echo of the gun salute has finished, visitors are enticed to explore over 180 different booths. Antiques and unique crafts from all over the country are nestled along the vast main street of this historic village.

Explore the unique shops that Old Washington has to offer. You are sure to find special treasures. Pottery, a lamp shop with over 43 years in Washington, Fenton lamps, lamp shades, Mary Hadley pottery, Dollhouse shop, picture framing shop, herbs, dried flowers, handmade soaps, lace, linen, jewelry, books, lanterns, antiques and much more! Entertainment can be found throughout the festival. The beautiful voice

of Jennifer Rose Escobar and her family have captivated visitors over the years. Royal Blue Entertainment brings light comedy as they fill the streets with their Bluegrass music. Dulcimer musicians will be set up in various locations throughout the event. There is even a larger variety of food available this year - so do come hungry to the festival! We are sure there is something to delight even the pickiest eaters.

At various times during the day, Daniel Boone, Simon Kenton, and the Chief of the Shawnee Tribe will meet at the Old Church Museum and on the stage, located in the middle of the festival, to tell about the life and times of our beloved pioneer heroes.

Children can play the same games that pioneer children played so many years ago, Just look for the children's tented area along the main strip. Take your children to the lawn behind the Harriet Beecher Stowe Museum and witness first hand pioneer life in a primitive encampment. Meet Gerry Barker of Frontier Resources, and his oxen. Gerry will demonstrate how a wagon was driven two hundred

years ago, and you could be the volunteer chosen to assist him.

Sneak into any one of our several wonderful museums. For a more personal experience, have one of our costumed tour guides escort you through your historical adventure.
